COMPANY  
**PROFILE**

# About Company

BILHEN Chemicals, has rapidly emerged as a supplier in the chemical industry, specializing in the distribution of high-grade chemicals for the electroplating market. Situated in JHB East Rand, Howick KZN and Botswana, we are strategically located to efficiently serve a wide range of customers across South Africa and the rest of Africa.

# Mission Statement

BILHEN is dedicated to providing high-quality, environmentally responsible chemical solutions to the electroplating industry. Our mission is to enhance the efficiency and sustainability of electroplating processes through innovative chemical products and expert technical support in South Africa and Rest of Africa.

# Vision

To be the preferred supplier of quality chemicals, known for our commitment to quality, sustainability, and excellence in customer service for the electroplating industry.

# Products and Services

1. **Metal Salts:** Offering a wide range of metal salts including copper sulfate, nickel sulfate.
2. **Specialty Additives:** Supplying brighteners, levelers, and stress reducers for various plating processes.
3. **pH Adjusters:** Providing both acids and bases like sulfuric acid and sodium hydroxide for process optimization.
4. **Complexing Agents:** Featuring cyanide-based and cyanide-free solutions like EDTA.
5. **Cleaning Agents:** Offering a range of cleaners and rust removers for pre-plating surface preparation.
6. **Environmental Solutions:** Supplying eco-friendly alternatives and waste treatment chemicals.
7. **Custom Solutions:** Developing custom chemical formulations to meet specific client needs.
8. **Technical Support and Consulting:** Providing expert advice and process optimization services.

## Quality Assurance

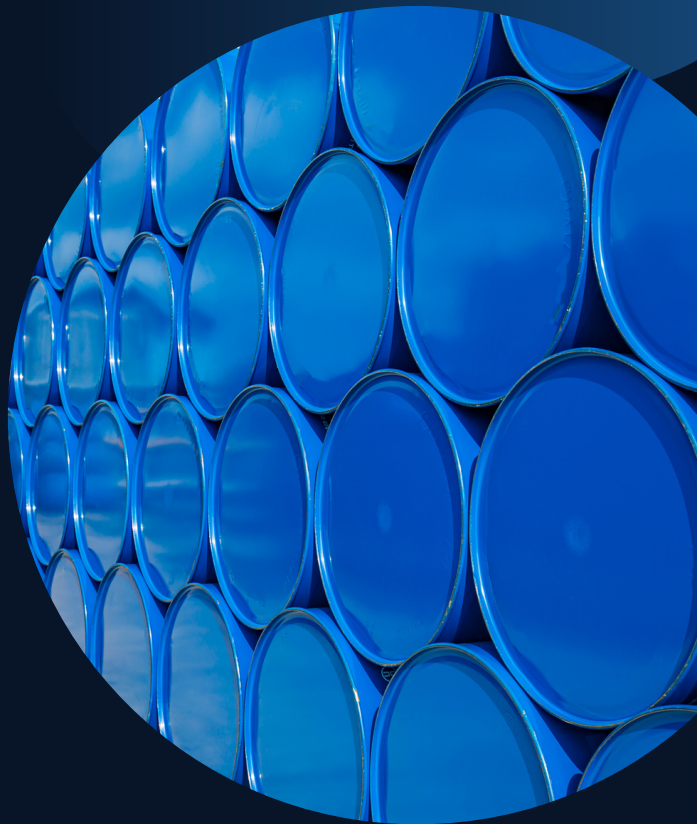

BILHEN Chemicals is committed to delivering products of the highest quality. Our distribution processes adhere to stringent quality controls. We conduct regular audits and continuously improve our processes to ensure product consistency and reliability.

# Sustainability and Environmental Commitment

The company adheres to strict environmental policies, emphasizing the development of sustainable and less toxic products. It complies with all local and international environmental regulations and is actively involved in reducing the overall environmental impact of the electroplating industry.

## Key Markets

Our products are widely used in various sectors for the electroplating industry.

# Customer Focus

We believe in building strong, long-term relationships with our clients. Our dedicated customer service team ensures that each client receives personalized attention and service, ensuring their needs are met promptly and efficiently.

# Research and Development

Innovation is at the heart of BILHEN Chemicals. Our R&D team works tirelessly to improve our product offerings and develop new solutions to meet the changing demands of the industry.

# Financial Stability

Since our inception, BILHEN Group(Holding Company) has demonstrated strong financial performance with consistent growth in revenue and market share. Our prudent financial management strategies have ensured long-term sustainability and investment in future growth for our subsidiaries including BILHEN Chemicals.
